

VSKN012C Curved Blade Stripping Knife

Major Tech's VSKN012C is a 28mm Curved Blade 1000V Stripping Knife designed for precision and safety in electrical work. Fully insulated for use on live conductors up to 1000V AC, this stripping knife conforms to IEC 60900 standards, ensuring reliable insulation. Individually tested to 10,000V, it guarantees a secure and insulated experience. The knife features a strong, comfortable safety handle with finger grips for precise control. Complete with a protective cap for safe storage, the fixed stainless steel blade ensures durability and accuracy. Trust the VSKN012C for your stripping needs, offering both safety and efficiency in every application.
