

## EVSO206 Wire Stripping Pliers

Major Tech's Wire Stripping Pliers are a versatile tool designed for efficiency and safety in various electrical applications. Engineered to work on live circuits, these pliers boast high voltage and temperature resistance, ensuring durability and reliability even in demanding conditions. Crafted from high-strength chrome vanadium steel and subjected to precision machining, these pliers deliver consistent performance. The 1000V double insulated handles prioritize safety, while the spring-assist opening, easy-adjust stop with a locking nut, and the ability to strip cables ranging from 0.3 to 6.0mm<sup>2</sup> provide user-friendly functionality. Compliant with safety standards such as IEC 60900 and DIN EN 60900, these Wire Stripping Pliers are a trustworthy solution for professionals seeking precision, durability, and safety in their electrical work.

### Features

- Work on live circuits
- High voltage resistant
- High temperature resistant
- High strength
- Durable material
- Precision machining
- 1000V double insulated handles
- Strips cable size 0.3 – 6.0mm<sup>2</sup>
- Chrome vanadium steel
- Spring assist opening
- Easy to adjust stop with locking nut
- Spring assist opening
- Safety test: IEC 60900 and DIN EN 60900

Product Code	Length	Head	Handle
EVSO206	160mm	50mm	110mm

Easy to adjust stop  
with locking nut

1000V double  
insulated handles
