

AS RANGE Adjustable Spanners

Major Tech's adjustable spanners are engineered for excellence, constructed from high-quality chrome vanadium steel with a professional corrosion-resistant black finish. Featuring deep etched metric graduations, these spanners allow for fast and precise size pre-adjustment. Crafted with durability in mind, they have a longer life, minimizing wear on the fasteners they work with. Available in various sizes to suit your specific needs, Major Tech's adjustable spanners are the perfect tools for both professionals and DIY enthusiasts, offering durability, precision, and ease of use in a sleek and corrosion-resistant design.

Features

- High quality chrome vanadium steel
- Professional corrosion resistant black finish
