

## FTS60 50m Fish Tape

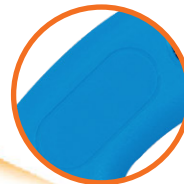

Meet our 50m Fish Tape is the tool that redefines cable installation. With its impressive 50m length, it's designed to make pulling electrical and telecommunication cables through conduit a breeze. The tough plastic housing ensures durability, while the carbon steel draw-wire provides the strength needed for demanding jobs. The convenient return button and clear windows for monitoring draw-wire levels add efficiency to your tasks. Whether you're a professional or a dedicated DIYer, our 50m Fish Tape is your dependable partner for conduit cable projects.

### Features

- To pull electrical and telecommunication cables through conduit
- Draw-wire manufactured from carbon steel
- Button to allow the draw-wire to return to original position
- Windows to see the amount of draw-wire in the roll

| Product Code | Length | Housing       |
