

HCT435 Hydraulic Crimping Tool Set

The Hydraulic Crimping Tool Set features a built-in safety system for secure operation. It offers a significant 13-tonne crimping force with a 30mm stroke, ensuring precise and efficient crimping. The tool covers a wide crimping range, up to 250mm², making it suitable for various applications. The set includes two-sided crimping dies for both copper and aluminum conductors. For copper, it covers sizes from 50mm² to 400mm², and for aluminum, it ranges from 35mm² to 300mm². For dependable and comprehensive hydraulic crimping, trust this tool set to handle your crimping needs safely and effectively.
