

HCT630 Hydraulic Crimping Tool

The Hydraulic Crimping Tool is a powerful tool for a wide range of crimping tasks. It offers a robust 30T crimping force with a 25mm² stroke, ensuring efficient results. This tool covers a broad crimping range from 150mm² to 630mm² with a hexagonal crimping type for accuracy. Included with the tool are crimping dies for various sizes, from 150mm² to 630mm², packed in a metal carry case for easy transport and protection. It's worth noting that this product can be matched with the HP700 hydraulic pump for added versatility and power. Trust the HCT630 for heavy-duty and precise crimping tasks.
