

KDBNC01 Ratchet BNC Crimping Tool

Major Tech's Ratchet BNC Crimping Tool is designed for crimping BNC connectors using a hexagonal crimping type. It offers comfort grip handles and is compatible with RG58, RG59, and RG62 ethernet cables. With a ratchet mechanism for maximum grip and professional-quality drop-forged jaws, it ensures precise and secure crimps. The tool also features automatic release with manual override for added convenience. Measuring 225mm in length, with a 35mm head and a 120mm handle, it's a reliable and compact tool for your BNC crimping needs.
