

MSL160 210Lm Work Light

Major Tech's MSL160 3W COB Work Light, a compact and efficient lighting solution for various tasks. With a foldable body and a weight of only 90g, this work light is designed for easy portability. The 3W COB (Chip-on-Board) technology provides a powerful 210 Lumens of illumination, ensuring a bright and clear workspace. The work light features a 360° rotational hook for flexible hanging options, two magnets on the back and bottom for secure attachment, and a 90° tilt capability, allowing you to direct the light where needed. Powered by 3 AAA batteries (not included), the MSL160 offers a battery life of 3 hours for the 3W COB and an impressive 10 hours for the 3-piece LED. With its ABS rubberized housing, this work light combines durability with functionality, making it an essential tool for hands-free illumination in various settings.
